India's aerospace and defence sector is among the largest in the world, driven by modernization, strategic initiatives, and strong international collaborations. The industry spans aviation, space exploration, military equipment, and advanced technologies, with the "Make in India" and "Atmanirbhar Bharat" initiatives supporting local production, R&D, and export growth. The Indian aerospace and defence market is projected to reach approximately USD 70 billion by 2030, driven by increasing demand for advanced infrastructure and government support. Future growth in aerospace and defence manufacturing will be shaped by effective governance, advancing military equipment, spacecraft, and both commercial and private aircraft production.

5 Reasons to Exhibit

- ✓ An exclusive platform to meet greet & transact business with defence & aerospace manufacturers
- ✓ Identify demand trends in aerospace and defence for input material
- ✓ Understand the best way to transact business with aerospace & defence players
- ✓ Gain Access to Industry Leaders from aerospace & defence sector
- ✓ Induce trials of your products and attract long term business

Exhibitor Profile

Design Engineering & It Solutions

- Aircraft & Subsystem Design
- Avionics
- Critical Components Design
- Product Development
- Software & Stimulations
- Measurement, Inspection & Analysis
- IT Solutions
- Design & Simulation
- 3D Printing
- Rapid Prototypes

Electronics Components

- Connectors
- Harnessing Accessories & Identification
- High Performance Relays & Contractors
- Rugged Fiber Optics & Cable Assemblies
- Wire & Cables
- Termination Devices, Splices & Crimp
- Aircraft Wiring
- Actuation
- Power Distribution Assemblies
- RF & Microwave Components

Maintenance Repair & Overhaul (MRO)

- IT Solution Providers
- Tools Manufacturer
- Airport Equipment's & Services
- Hardware
- Lightning
- Hydraulics & Pneumatics
- Parts Distributors
- Fuel & Lubricants
- Cleaning

Why Delhi..?

Delhi has for long firmly been entrenched as the headquarters of Indian defence forces and some critical decision making around manufacturing, acquisitions, upgradations in aerospace & defence sector happen in the capital city of the country.

In addition to this many an SME enterprise and some very important defence manufacturing enterprise including but not limited to DPSU's, OFB's and private domestic and international manufacturers have a strong base in northern India. Delhi is also home to main offices of organizations like Defence Research And Development Organization (DRDO), Bharat Electronics Limited (BEL) & Hindustan Aeronautics Limited (HAL) and multiple R&D labs, Ministry of Defence, Ministry of MSME, Ministry of Heavy Industry etc which presents the ideal eco-system that an event like AeroDef Manufacturing would need.

Exhibitor Profile

Engineering & Process

- Metal Casting & Forging
- Foundry & Forging
- CNC Controls & Machineries
- Laser Cutting | → Finishing & Coating
- Contract Manufacturing
- Surface Treatment & Cleaning Equipment's
- Aerospace & Defence Fasteners & Tools
- Fasteners, Bearings & Standard Parts
- Cutting & Welding

Component Manufacturer & Suppliers

- Aero Structure Components
- Airframe Manufacturer
- Aircraft Engines
- Avionics & Flight Systems Components
- Wings & Landing Gear Assembly
- Wheels, Brakes & Landing Gear
- Hydraulic Systems
- Missile Casing & Launchers
- Pneumatics | → Air Compressor

Other Tools & Suppliers

- High Performance Fabrics | → Glass
- Aviation Oils & Lubricants
- After Market - Spare, Parts & Services
- Safety Related Equipment's
- Rubber Components
- Protection & Armoring

Raw Material

- Advanced Materials
- Steel, Titanium & its Alloys
- Sheet Metal Components
- Additive Manufacturing | → Composites

5 Reasons to Visit

- ✓ Identify suppliers of raw material, components, assemblies
- ✓ Understand the innovations in supplier market upgrade your products
- ✓ Strengthen your supply chain & mitigate potential risks by expanding vendor base
- ✓ Reduce your sourcing cost whilst improving your product quality
- ✓ Benchmark your existing materials, suppliers with alternate sources
